BEHISHTLI
DUNYA

WHO WE ARE

Behishtli Dunya Economic Society is one of the pharmaceutical leader in Turkmenistan, delivering a wide range of high-quality medicines and medical products to pharmacies across all regions of the country. With over 13 years of experience and partnerships in more than 30 countries, Behishtli Dunya ensures nationwide access to affordable and effective healthcare solutions.

We operate our own advanced pharmacy network, backed by a licensed logistics complex, a modern warehouse system, and a highly skilled team of over 100 qualified professionals. Our commitment is to be a bridge between global pharmaceutical excellence and the healthcare needs of the Turkmen people.

BEHISHTLI
DUNYA

OUR VISION & MISSION

Our vision is to remain the most trusted and dependable pharmaceutical partner in Turkmenistan. We strive to lead the industry through the consistent expansion of our distribution network, continuous improvement of service standards, and a lasting positive contribution to the national healthcare system. By upholding the highest standards of integrity, reliability, and innovation, we aim to be a pillar of support for healthcare providers and patients across the country.

Our mission is to enhance the overall health and well-being of the people of Turkmenistan by ensuring widespread access to high-quality, globally recognized medical and pharmaceutical products. We are committed to offering these products at the most affordable prices possible, while maintaining strict adherence to international safety and quality standards. Through strong partnerships, efficient logistics, and a customer-focused approach, we seek to make essential healthcare solutions accessible to every region and community we serve.
